ITEM#

PROJECT

DATE

trifecta

Dimensions: 26.73"H x 11.89"W x 11.87"D

(60.3cm H x 30.2cm W x 30.1cm D)

Features

Tech enabled barista crafted single cup

Every coffee has a voice. With the trifecta, the barista creates an experience which unlocks the nuances of that coffee. Using an air infusion single cup process, the trifecta brews so that each coffee's unique voice resonates.

trifecta brewing phases:

1 Wetting

The saturation of the coffee grounds can be controlled to get the percentage of water and pause appropriate for that coffee.

2 Extraction

Controlled air is injected into the brew chamber to agitate the coffee at just the right time. The result is a uniform extraction and complex beverage sure to please any coffee lover.

3 Hydrolysis

Air presses the beverage through a metal screen that filters out coffee grounds while preserving coffee oils and aromatics for a deep-bodied, unique coffee experience.
