Easy Clear® Hot or Cold Water Quality Filtration System

Model EDSS-11-T200F
Water Quality System

Features

In-Line (EDSS-11-T200F) Hot Water Quality Filtration Systems

- Designed for BUNN liquid coffee machines supplied with hot water.
- Provides 2,500 gallons of superior sediment, taste/odor and chlorine reduction @ 2 gpm.
- 5 micron graded density filtration for long life.
- Perfectly sized to ensure quality coffee and long-term performance.
- Stainless steel housings assure reliable performance in high temperature or pressure applications.
- In-line units have 316 stainless steel heads with 304 stainless steel housings, rated to 300 psi (2,069 kPa) for durability.
- Hot and cold water applications*
- Rigid construction of the stainless steel housing provides durability and withstands extreme water hammer.

For current specification sheets and other information, go to *www.bunn.com*.

**Tested for hot water applications up to 200˚ F (93˚ C).*
