

HUMIDIFIED FOOD WARMER

CORNDITIONERS AND DISPLAY CABINETS

Say goodbye to dried-out snacks and pizza! The Humidified Food Warmer is constructed from heavy-duty #304 stainless steel and ensures consistent product warming and humidification. Programmable digital controls allow you to set exact time and temperature.

KEY FEATURES

- Choose between custom rack options or adjustable shelves for food storage
- Rack options can be adjusted to hold many different types of foods including sandwiches, chicken nuggets, pizza, hot dogs etc.
- Removable rotating pizza rack option has automatic shut-off and holds up to four 14-inch pizzas
- Programmable digital controls maintain desired temperature and humidity levels
- Recirculating-air system keeps product fresh for up to three hours
- Fast recovery time with recirculating-air system
- Removable, slide-out water tray with splash guard (located in cabinet base) provides 6-8 hours of humidification with one gallon of water
- Warning light alerts operator of low-water levels
- Interior LED lights provide bright product illumination
- Adjustable digital temperature control between 135°F (57°C) and 185°F (85°C)

Contact your Cretors representative for a complete list of agency approvals for each machine. Images may not reflect current equipment modifications, features and accessories.
