

Dualit®

Professional Blender

This innovative and powerful Dualit Blender is loaded with smart features that sets it apart from the rest.

- ❖ Dualit's VortecS® technology makes creamier soups and smoother smoothies. A multi-dimensional, innovative mixing action and uniquely designed six-pronged blade mixes, chops, purées and blitzes with superhero power.
- ❖ The ice crush feature, automatic and manual pulse functions, and four speed settings handle any blending task with ease.
- ❖ A powerful 1000W motor tackles tough ingredients in seconds, whether crushing ice or pulverizing purées.
- ❖ Safer than glass, the shatterproof 2.0L Tritan jar is lighter and easier to maneuver. Not to mention it's dishwasher safe!
- ❖ Automatically timed soft-start pulsing action to allow the mixture to settle which maximizes the time it is in contact with the blade.
- ❖ Seven controls include ice crush, two pulse settings and four pre-set speeds, each one perfectly adjusted for gentle mixing, consistent chopping, smooth puréeing or ultimate blitzing.

Product Specification

Capacity: 2 Liters

Loading: 1000 watt, 120 US Volt

Unit size & weight: 9.5" x 8.5" x 16.5", 14.5 lbs

Gift box dimensions: 10" x 8.8" x 17"

Weight: 15.4 lbs

Materials: Insulated stainless steel body

Color: Polished Chrome and Black

Model Number: 83830

UPC Code: 619743838308

Master Pack Information:

20' container = 1,032 pcs.

Units per pack: 2 (Pallet Quantity: 40)

Dimensions: 10.4" x 9.13" x 17.5"

Weight: 15.4 lbs.
