Compact, Standard, & VariFruit™ Series Countertop Fruit Juice Machines

Model JX15AC

Model JX28AC

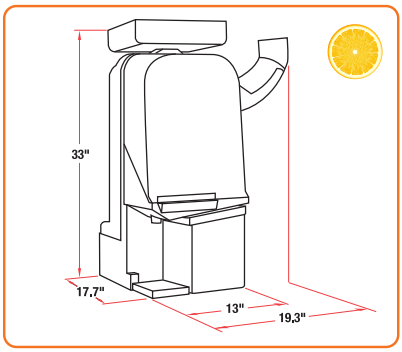

Features

- Avoid The Bitter Peel Taste – The exclusive design of the juicer insures that the peel is separated from the pulp & not pressed during the squeezing process. This is the secret to fresh sweet juice without any trace of bitter peel oil.
- Micro Serrated Slicing Blade – Heavy-duty stainless steel blade strong enough to quickly slice through the thickest peel.
- Available Carousel Style Automatic Feeder – On models with this feature fruit is automatically fed into the machine quickly & efficiently as the feeder rotates.
- More Than Just Oranges – The VariFruit™ Series model JX28MCB has the ability to process other varieties of fruit including Grapefruit and Pomegranates.
- Requires Minimal Counter Space – The Compact series models are among the smallest automatic juice machines on the market.
- Easy to Disassemble & Clean – No tools required to remove dishwasher safe components.
